

1. As you know, we can take measures to reduce air pollution.
Identify the measure that doesn't contribute to the reduction of air pollution:

- a. Using renewable energy sources, such as the sun, the wind, biomass, ...;
- b. Creating more green areas;
- c. Cutting forests down to prevent fires;

Answer key: c.

2. There are construction materials we can produce with a small impact on the environment.

The most ecological material is:

- a. Wood
- b. Aluminium
- c. Cement/concrete

Answer key: a.

3. Which of these materials takes longer to degrade in the ocean?

- a. A plastic plate;
- b. A metal can;
- c. Radioactive litter.

Answer key: c.

4. Cardboard boxes used for liquids should be put:

- a. In the blue recycling bin;
- b. In the yellow recycling bin;
- c. In the dustbin.

Answer key: b.

5. Some industries and the means of transport send pollutants to the atmosphere which cause acid rains.

These acid rains aren't responsible for:

- a. The increase of agricultural productivity;
- b. The death of many plants;
- c. The destruction of monuments;

Answer key: a.

6. The “greenhouse effect” is caused by the accumulation of pollutant gases in the atmosphere, especially carbon dioxide, leading to global warming.
Identify the situation that isn't a consequence of the “greenhouse effect”:

- a. The melting of the ice in the Poles;
- b. The death of some living beings;
- c. The destruction of monuments.

Answer key: c.

7. When is the World Environment Day celebrated?

- a. On the 21st March
- b. On the 5th June
- c. On the 1st May

Answer key: b.

8. Choose the measure that doesn't contribute to saving energy:

- a. Isolating doors and windows;
- b. Using public transports;
- c. Having class D electrical appliances.

Answer key: c.

9. Ozone is a gas that prevents some harmful UV radiations from getting to the surface of the Earth.

Where can we find higher concentrations of this gas?

- a. In the stratosphere
- b. In the troposphere
- c. In the atmosphere

Answer key: a.

10. The greatest danger most species face is:

- a. Hunting
- b. Habitat loss
- c. disease

Answer key: b.
